

# PolyMem<sup>®</sup>

## Finger/Toe Dressings

Help improve recovery  
after injury!

# Made to roll comfortably onto a finger or toe right out of the package.

PolyMem Finger/Toe dressings help reduce edema, bruising, pain and inflammation when applied to open or closed injuries. When applied to open wounds the dressings continuously cleanse, fill, absorb and moisten wounds. The dressings help relieve both persistent and procedure related pain associated with the injury throughout the healing process.

## THE IDEAL CHOICE FOR MANAGING:

- Sprains
- Strains
- Contusions
- Abrasions
- Lacerations
- Burns
- Ulcers
- Matricectomies

 more healing • less pain®

1 Measure to determine length of dressing needed, cut off excess.

2 Remove the insert from the rolled end and discard.

3 Insert the finger into the rolled end of the dressing.

4 Push the finger into the dressing and begin rolling.

5 Roll the dressing on the finger.

6 The dressing should fit securely on finger or toe.

This is an overview. Please see package insert for complete instructions.
